

Dell Advanced Projector- 7760

Dell Large Displays for Conference Rooms and Classrooms

Lamp-free. High Brightness.

Powerful, high-brightness projector with lamp-free laser technology built for presentations in mid-size to large rooms.

- **Lose the lightbulb:** Lamp-free lasers provide continuous operation at a bright 5,400 lumens, for beautiful projection even in less-than-ideal light.
- **Easy connectivity:** Take advantage of multiple wireless connectivity solutions. You can centralize presentations through LAN display and project from any compatible laptops and tablets.
- **Plan on a long life:** With no lamps to replace and 20,000 hours of laser life, you'll need little IT or facilities maintenance.

Luminous laser projection from every angle.

- **Project instantly:** Lamp-free laser technology eliminates lag-time with instant on and off, minus warm up and cool down time. Laser projection also provides a brilliant gamut of rich, true colors (100% SRGB and 100% Rec.709).
- **The best and brightest:** With 5,400 lumens, you'll get clear, powerful projections, even in settings with suboptimal light.
- **Any angle, anytime:** The 7760 is engineered to project perfectly from any angle—even on its side or upside down. It can run 24/7, and has a low power consumption, making it perfect for use even in demanding environments such as digital signage.

Simple, seamless connectivity.

- **Stay connected, but ditch the cables:** Use the concealed compartment for your own 3rd party wireless display solution, or the rear mounting for the Dell Wireless Module-WR517 for cable-free presentation.
- **Command the room from any device:** LAN Display lets you present from anywhere on your network, and from nearly any compatible device, including laptops, smart phones and tablets.
- **Created for collaboration:** The Dell 7760 makes working together easy, with built-in conference controls, you can present from up to four different devices simultaneously.
- **Turn it on, turn it up:** Two high-quality, integrated speakers provide excellent, Dell Class-C onboard sound, so your presentation is ready-equipped with powerful audio.

Reliable performance, dependable support.

- Your projector comes with a 2-year Advanced Exchange, extendable warranty that also covers your laser.
- Remote, centralized management through LAN control/Creston makes it easy for you to manage your projectors and assist users, without having to visit each room

Dell Advanced Projector- 7760

Projector with optional ceiling pole mount kit

Ports and Connectors

- A. RJ45
- B. USB Type A 5V DC / 1.8 A Output
- C. HDMI
- D. HDMI
- E. VGA-In
- F. Audio input (blue)
- G. Microphone (pink)
- H. Audio output (green)
- I. VGA-Out
- J. RS232 (9-pin D-Sub)
- K. 12V DC / 200 mA max relay output

What's in the box:

- 1x Dell 7760 Projector
- 1x Power cord
- 1x VGA cable (1.8m / 5.9ft)
- 1x Remote control c/w batteries
- User's Guide & Documentation (CD)

Warranty:

- 2-year Advanced Exchange warranty, including laser

Technology	
Projection System	Single Chip DLP Dual LVDS
Lamp Type	Mercury-free Laser Diode
Native Resolution	FullHD 1080p (1920 x 1080)
Screen Size	26.6" ~ 302"
Contrast Ratio	1,800:1 (native) 100,000:1 (High Contrast Mode)
Brightness (Max)	5,400 ANSI lumens
Colors	1.07b
Lens	
F-Stop	F/2.3 ~ 3.15
Focal Length	1.3m – 8.2m
Lens Offset	105% ~ 130%
Throw Ratio	1.2 (wide) ~ 2.13 (tele)
Lamp Hours	Up to 20,000 hours (Normal Mode)
Keystone	Manual Vertical ($\pm 30^\circ$) / Manual Horizontal ($\pm 30^\circ$) Four corner adjustment
Audio	2 x 10W RMS (Stereo) speaker
3D Capable	Yes
Design Features	
Features	LAN Display, 4-in-1 screen sharing, 360° operation, 24/7 operation, 100% SRGB, 100% Rec. 709
Tilt	Front tilt adjustment wheel (0° ~ 3.6°)
Security	Kensington lock slot (security lock not included) Password protection
Interfaces	
	3x HDMI (1.4a) 1x Audio-In (3.5mm) 1x Audio-Out (3.5mm) 1x D-Sub VGA-In 1x D-Sub VGA-Out 1x Microphone (3.5mm) 2x Powered USB Type A (5V / 1.8 A Output) 1x RS232 (9-pin D-Sub) 1x RJ45 1x 12V DC / 200 mA max. relay output for automatic screen
Dimensions & Weight	
Width	405mm/ 15.94 inches
Height	129mm/ 5.08 inches
Depth	387mm/ 15.24 inches
Weight	24.47 lbs (11.1 kg)
Power	
Power Supply	Universal AC 100-240 V 50-60 Hz with PFC
Power Consumption	Normal Mode: 455W $\pm 10\%$ @ 110 Vac Eco-Mode: 280W $\pm 10\%$ @ 110 Vac Standby Mode: ≤ 0.5 W Network Mode: ≤ 3 W
Additional Details	
Mounting Options	Front/Rear/Ceiling/Tabletop
Noise	36 dB(A) Typical (Normal Mode) 32 dB(A) Typical (Eco-Mode)
Accessories (Optional)	Additional Remote Control / Dell Wireless Adapter- WR517/ Ceiling Pole Mount Kit
